

Robert Girardin

Web Developer

Milan, IT

+49 17629301166
robertlgirardin@gmail.com

Brief

In my previous career in the Entertainment Industry, I interfaced with high profile clients to deliver concrete solutions to abstract problems. In my current career in Tech, I enjoy marrying those skills with the evolving technical frameworks I studied at school and in my current position.

WebDev Skills

React, React Native, Redux, TypeScript, Vanilla JS, CSS3, HTML5, Vue.JS, Node.JS, Git, Sketch, MongoDB, Express, Handlebars.JS, Platform Testing

Experience

[TheDeed.app](#) / Junior Developer

October 2019 through Present

Working in React and React Native with TypeScript to manifest an attractive and cohesive front end for a real world web and mobile app catering to international corporate clients and individual users across multiple platforms and systems.
